Spongebob

A Hursto Presto

Acrylic Painting

Paint Party Supply List

- 8" X 10" Canvas
- Acrylic Paint: White, Black, Yellow, Red, Blue
- Brushes: Large $\frac{3}{4}$ " Flat, #5 Round, Script Liner
- Easel or Paint Board/Flat Table
- Palette or Paper Plate
- Printed Traceable PDF
- Black Transfer Paper
- Pen/Pencil
- Black Sharpie Pen/Paint Pen
- Jar Water, Paper Towels/Rags
- 12" Ruler

1) Transfer the Spongebob traceable onto the canvas using transfer/graphite paper. Darken the lines with a black sharpie or paint pen.

2) Load your $\frac{3}{4}$ " flat brush with yellow and paint a solid coat over Spongebobs face outside eyes and mouth. Yellow is translucent allowing the black to show through.

3) With the yellow still wet, load same brush with brown and brush in some shadow into the holes to darken...

4) ...and rub with finger to smooth into the yellow.

5) Using same brown, paint inside Spongebobs mouth. Clean brush.

6) Load #5 round brush with black thinned with water. Darken eyes and pupil lines. Load brush with blue and paint the iris.

7) Load same #5 flat brush with pink by mixing a bit of red into white. Paint his tongue pink.

8) Paint the tie red with the brush of your choice. If streaky, let dry and paint another coat. **Let dry.**

9) Load the #5 round brush with black thinned with water (ink like) and begin to darken the lines.

10) Or, you may use a black sharpie or paint pen for better control.

11) Flipping the canvas upside down makes it easier to paint the black pants.

12) Put a dab of white on the iris to show the glint in his eyes.

13) Sign your masterpiece!

Clean your brush often. Remember proper brush/tool care to extend its use. Thanks!

Jim Hurst

Create A Pizza Box Easel

Unfold a 10" or larger pizza box backward over its center. Fold back until it's an inside-out upside-down 'V'. Cut a separate cardboard brace and tape it to the easel's edges and/or tape the front/back bottom edges to the table with masking tape.
