Prep: Prepare snowman traceable for transfer onto canvas.

1) Trace snowman onto canvas using transfer/graphite paper.

2) Paint background base color black. Add white cloud/fog and white trees at horizon.

3) Paint snowman's face, body and hat & scarf its base coat.

4) Loosely brush light blue snow under snowman using horizontal strokes.

Let Dry.

5) Glaze Ultramarine Blue over dried B&W background.

6) Press a round sponge loaded with white to create the moon.

7) Using a small round brush loaded with gray, dab in moon craters.

8) Dab white highlight facing light source on face & body.

9) Add detail highlights and shadows.

10) Using the back tip of a brush handle, paint black eye and mouth pebbles.

11) Give the snowman shadows using purple/black and 'sparkle' highlights with white.

12) Lay in white snow drifts under snowman to 'plant' him.

13) Lighten burnt umber with some white and paint the twig arms and hands with small flat.

14) Highlight edge facing light source. Deepen shadows with dark umber/black.

15) Don't forget the other arm!

16) Load a large brush with thinned white and tapping against a brush, tap in snowfall dots.

Don't forget to sign your painting!
